

Revelations : The Judgements of God Reflect the Crimes

The Crimes (over a 3.5 year period only)

1. PERSUASION :
The use of poisonous vaccines that caused suffering and death which peaked at 5 months
2. COERCION :
The restriction of buying and selling leading to starvation, thirst and homelessness
3. FORCE :
The incarceration and execution if non-compliant

Total death toll = 25% of global population

The Judgements

1. Meteor impacts that destroy food and water sources of the enemy, and subject them to heat and darkness
2. The tormenting of the enemy for 5 months, so that they ask for death.
3. The army of the possessed killing one third of the surviving global population (One third of 75% = 25%)

Total death toll = 25% of global population

During the persuasion phase, the enemy persuades people to take harmful vaccines that result in a peak of vaccine injury at 5 months. I find it curious in the retribution, the enemy are said to suffer for 5 months in terrible pain, and this would seem to be apt.

During the coercion phase, the enemy uses environmental excuses to impose shortages, freezing temperatures, and no movement upon the populace. Similarly, in the retribution, the meteor showers destroy the environment of the enemy, and induce real shortages for the enemy in terms of crops, water shortages, sea food shortages, and destruction of shipping for import and export.

During the coercion phase, a sophisticated system of cell towers and satellites are used to impose a control of all buying and selling. In the retribution, the meteor showers take out ALL of the satellites, and destroy all of the telecom masts.

During the force phase, brute enforcement is used against the populace, and many are imprisoned and martyred. Similarly, in the retribution the army of the possessed eradicates 33% of the survivors – which just happens to be equal to 25% of the initial population.

So there appears to be a careful balancing of numbers of deaths – and probably a balancing of number of disabilities also. “An eye for an eye, and a tooth for a tooth”
